“War is regarded as nothing but the continuation of state policy with [by] other means.”

Karl Von Clausewitz

“In this part of the world it is difficult to find the true path between reason and emotion, myth and reality. This is the burden of the Balkans, which prevents us from becoming truly European.”

Kiro Gligorov

“You – as an Austrian – have a moral responsibility regarding the situation here [in Bosnia and Herzegovina]. This country was part of the Austro-Hungarian Monarchy, your roots are also here. We are not – if you want – some kind of strangers but we are former brothers. Now it is on your side to help your brothers because they are in big problems.”

Ismet Dedeic
